Cumulative Index, 1997

AUTHOR INDEX
Volume 8, Issues 1–4

Aquilino, Mary L.
Cognitive development, clinical knowledge, and clinical experience related to diagnostic ability, 110–119
Chard, Mary E. *(See King, V.M.)*
Coenen, Amy
Mapping nursing interventions from a hospital information system to the nursing interventions classification (NIC), 145–151
Delaney, Connie *(See Moorhead, S.)*
Synthesis of methods, rules, and issues of standardized nursing intervention of language mapping, 152–156
Dougherty, Cynthia
Reconceptualization of the nursing diagnosis *decreased cardiac output*, 29–36
Dungan, Joyce M.
Dungan model of dynamic integration, 17–28
Early, Jane A. *(See Smith, J.E.)*
Elliott, Tess *(See King, V.M.)*
Fowler, Susan B.
Impaired verbal communication during short-term oral intubation, 93–98
Frisch, Noreen
What's in a name? [Editorial] 3
Transitions [Editorial], 47
Green, Patricia T. *(See Smith, J.E.)*
Jones, Donna *(See LeMone, P.)*
Karlik, Beverly A. *(See Lunney, M.)*
King, Virginia M.
Utilization of nursing diagnosis in three Australian Hospitals, 99–108
Kiss, Margaret *(See Lunney, M.)*
Krenz, Maryanne
Parenting of a child with spina bifida, 136, 167–169
Kubsch, Sylvia
Restoring power through nursing intervention, 7–15
Lauck, Donna L. *(See Smith, J.E.)*
LeMone, Priscilla
Nursing assessment of altered sexuality: A review of salient factors and objective measures, 120–128
Lu, Mei-Na *(See Zhu, F.)*
Lunney, Anne T.
Response to a diagnosis of chronic illness when confounded by other life events, 48, 79
Lunney, Margaret
Accuracy of nurses' diagnoses of psychosocial responses, 157–166
Chronic pain — Diagnosis, etiology, or syndrome?, 37
Parenting of a child with spina bifida, 167–169
Response to a diagnosis of chronic illness when confounded by other life events, 79
Ma, Wen-Ling *(See Zhu, F.)*
Moorhead, Sue *(See Delaney, C.)*
Mapping nursing intervention data into the nursing interventions classification (NIC): Process and rules, 137–144
Murphy, Patricia *(See Lunney, M.)*
Oblaczynski, Catherine *(See Smith, J.E.)*
Pehler, Shelley-Rae
Children's spiritual response: Validation of the nursing diagnosis *spiritual distress*, 55–66
Ryan, Polly *(See Coenen, A.)*
Simon, Jolene M.
Chronic pain—Diagnosis, etiology or syndrome? 2, 37
Can we talk? [Editorial] 91
Dyads, triads, and other configurations [Editorial], 135
Smith, Janet E.
Risk for suicide and *risk for violence*: A case for separating the current violence diagnoses, 67–77
Smochek, Mary Rose *(See Smith, J.E.)*
Sparks, Sheila M.
Noun phrases for nursing diagnoses, 49–54
Sutton, Janice *(See Coenen, A.)*
Wichowski, Harriet C. *(See Kubsch, S.)*
Wright, Gertrude *(See Smith, J.E.)*
Zhang, Xiao-Hong *(See Zhu, F.)*
Zhu, Feng-Rong
Use of nursing diagnosis in China: Measures and thoughts on education of nursing diagnosis, 81–82

SUBJECT INDEX
Volume 8, Issues 1–4

Cardiac Output
Reconceptualization of the nursing diagnosis *decreased cardiac output (Dougherty)*, 29–36
Chronic Illness
Response to a diagnosis of chronic illness when confounded by other life events *(Lunney, A., Lunney, M.)*, 48
Chronicity
Parenting of a child with spina bifida *(Krenz, Lunney)*, 136, 167–169
Chronic Pain
Chronic pain—Diagnosis, etiology or syndrome? *(Simon)* 2
Clinical Expertise
Cognitive development, clinical knowledge, and clinical experience related to diagnostic ability *(Aquilino)*, 110–119
Cognitive Development
Cognitive development, clinical knowledge, and clinical experience related to diagnostic ability *(Aquilino)*, 110–119
Collaboration
Dyads, triads, and other configurations [Editorial] *(Simon)*, 135
Communication
Impaired verbal communication during short-term oral intubation *(Fowler)*, 93–98
Can we talk? [Editorial] *(Simon)* 91
Conceptual Model
Reconceptualization of the nursing diagnosis *decreased cardiac output (Dougherty)*, 29–36
Critical Thinking
Parenting of a child with spina bifida *(Krenz, Lunney)*, 136, 167–169
Decisional Conflict
Parenting of a child with spina bifida *(Krenz, Lunney)*, 136, 167–169
Dynamic Integration
Dungan model of dynamic integration *(Dungan)*, 17–28
High Risk of Suicide
Response to a diagnosis of chronic illness when confounded by other life events *(Lunney, A., Lunney, M.)*, 48
Hopelessness
Chronic pain—Diagnosis, etiology or syndrome? *(Simon)* 2
International Use of Nursing Diagnosis
Use of nursing diagnosis in China: Measures and thoughts on education of nursing diagnosis *(Zhu, Zhang, Lu & Ma)*, 81–82
Chronic pain — Diagnosis, etiology, or syndrome?, 37
Parenting of a child with spina bifida, 167–169
Response to a diagnosis of chronic illness when confounded by other life events, 79
Intubation
Impaired verbal communication during short-term oral intubation *(Fowler)*, 93–98
Language
Noun phrases for nursing diagnoses *(Sparks)*, 49–54
Life Events
Response to a diagnosis of chronic illness when confounded by other life events *(Lunney, A., Lunney, M.)*, 48
Measurements
Nursing assessment of altered sexuality: A review of salient factors and objective measures *(LeMone & Jones)*, 120–128
Methodology
Accuracy of nurses' diagnoses of psychosocial responses *(Lunney, Karlik, Kiss, & Murphy)*, 157–166
NANDA
Mapping nursing interventions from a hospital information system to the nursing interventions classification (NIC) *(Coenen, Ryan, & Sutton)*, 145–151
NANDA Nursing Diagnoses
Utilization of nursing diagnosis in three Australian Hospitals *(King, Chard, & Elliot)*, 99–108

NIC
Mapping nursing intervention data into the nursing interventions classification (NIC): Process and rules *(Moorhead & Delaney)*, 137–144
Mapping nursing interventions from a hospital information system to the nursing interventions classification (NIC) *(Coenen, Ryan, & Sutton)*, 145–151
Synthesis of methods, rules, and issues of standardized nursing intervention of language mapping *(Delaney & Moorhead)*, 152–156
Non-NANDA Nursing Diagnoses
Utilization of nursing diagnosis in three Australian Hospitals *(King, Chard, & Elliot)*, 99–108
Nursing Assessment
Nursing assessment of altered sexuality: A review of salient factors and objective measures *(LeMone & Jones)*, 120–128
Nursing Care Plans
Utilization of nursing diagnosis in three Australian Hospitals *(King, Chard, & Elliot)*, 99–108
Nursing Classifications
Synthesis of methods, rules, and issues of standardized nursing intervention of language mapping *(Delaney & Moorhead)*, 152–156
Mapping nursing intervention data into the nursing interventions classification (NIC): Process and rules *(Moorhead & Delaney)*, 137–144
What's in a name? [Editorial] *(Frisch)* 3
Nursing Data Systems
Mapping nursing interventions from a hospital information system to the nursing interventions classification (NIC) *(Coenen, Ryan, & Sutton)*, 145–151
Nursing Diagnosis
Restoring power through nursing intervention *(Kubsch & Wichowski)*, 7–15
Reconceptualization of the nursing diagnosis *decreased cardiac output (Dougherty)*, 29–36
Noun phrases for nursing diagnoses *(Sparks)*, 49–54
Children's spiritual response: Validation of the nursing diagnosis *spiritual distress (Pehler)*, 55–66
Risk for suicide and *risk for violence*: A case for separating the current violence diagnoses *(Smith, Early, Green, Lauck, Oblaczynski, Smochek, & Wright*, 67–77
Impaired verbal communication during short-term oral intubation *(Fowler)*, 93–98
Cognitive development, clinical knowledge, and clinical experience related to diagnostic ability *(Aquilino)*, 110–119
Nursing assessment of altered sexuality: A review of salient factors and objective measures *(LeMone & Jones)*, 120–128
Accuracy of nurses' diagnoses of psychosocial responses *(Lunney, Karlik, Kiss, & Murphy)*, 157–166
Mapping nursing interventions from a hospital information system to the nursing interventions classification (NIC) *(Coenen, Ryan, & Sutton)*, 145–151
Nursing Diagnosis Audit
Utilization of nursing diagnosis in three Australian Hospitals *(King, Chard, & Elliot)*, 99–108
Nursing Diagnosis Syndrome
Chronic pain—Diagnosis, etiology or syndrome? *(Simon)* 2
Nursing Education
Cognitive development, clinical knowledge, and clinical experience related to diagnostic ability *(Aquilino)*, 110–119
Nursing Interventions
Synthesis of methods, rules, and issues of standardized nursing intervention of language mapping *(Delaney & Moorhead)*, 152–156
Mapping nursing interventions from a hospital information system to the nursing interventions classification (NIC) *(Coenen, Ryan, & Sutton)*, 145–151

Mapping nursing intervention data into the nursing interventions classification (NIC): Process and rules *(Moorhead & Delaney)*, 137–144

Nursing Languages
What's in a name? [Editorial] *(Frisch)* 3
Transitions [Editorial] *(Frisch)*, 47
Can we talk? [Editorial] *(Simon)* 91
Dyads, triads, and other configurations [Editorial] *(Simon)*, 135

Nursing Minimum Data Set
Mapping nursing interventions from a hospital information system to the nursing interventions classification (NIC) *(Coenen, Ryan, & Sutton)*, 145–151

Nursing Model
Dungan model of dynamic integration *(Dungan)*, 17–28

Partnerships
Dyads, triads, and other configurations [Editorial] *(Simon)*, 135

Pediatric Care
Children's spiritual response: Validation of the nursing diagnosis *spiritual distress (Pehler)*, 55–66

Problem-Solving
Cognitive development, clinical knowledge, and clinical experience related to diagnostic ability *(Aquilino)*, 110–119

Powerlessness
Restoring power through nursing intervention *(Kubsch & Wichowski)*, 7–15

Psychosocial Responses to Illness
Accuracy of nurses' diagnoses of psychosocial responses *(Lunney, Karlik, Kiss, & Murphy)*, 157–166

Qualifiers
Noun phrases for nursing diagnoses *(Sparks)*, 49–54

Reciprocal Interaction
Dungan model of dynamic integration *(Dungan)*, 17–28

Rehabilitation
Parenting of a child with spina bifida *(Krenz, Lunney)*, 136, 167–169

Sexuality
Nursing assessment of altered sexuality: A review of salient factors and objective measures *(LeMone & Jones)*, 120–128

Simultaneous Processing
Dungan model of dynamic integration *(Dungan)*, 17–28

Spirituality
Children's spiritual response: Validation of the nursing diagnosis *spiritual distress (Pehler)*, 55–66

Standardized Language
Synthesis of methods, rules, and issues of standardized nursing intervention of language mapping *(Delaney & Moorhead)*, 152–156
Mapping nursing intervention data into the nursing interventions classification (NIC): Process and rules *(Moorhead & Delaney)*, 137–144

Suicide
Risk for suicide and *risk for violence*: A case for separating the current violence diagnoses *(Smith, Early, Green, Lauck, Oblaczynski, Smochek, & Wright*, 67–77

Taxonomy
Reconceptualization of the nursing diagnosis *decreased cardiac output (Dougherty)*, 29–36

Terminology
Noun phrases for nursing diagnoses *(Sparks)*, 49–54

Therapeutic Nursing Intervention
Restoring power through nursing intervention *(Kubsch & Wichowski)*, 7–15

Transitions
Dungan model of dynamic integration *(Dungan)*, 17–28
Transitions [Editorial] *(Frisch)*, 47

Violence
Risk for suicide and *risk for violence*: A case for separating the current violence diagnoses *(Smith, Early, Green, Lauck, Oblaczynski, Smochek, & Wright*, 67–77
